

POWER Vision

2023-2025

The vision is to grow our 95,000 strong community through a trusted digital platform – Power Platform – into a nationally recognised business eco-system that works for our partners and people.

Who is this for?

Business owners/leaders and a core of connectors and advocates.

A widespread talent base of future leaders, graduates, new market entrants, upskillers, career changers, aspiring NEDs and entrepreneurs.

#WEAREPOWER

WE know you care about your people

WE know you're passionate about paying it forward

WE know you want to invest in your business culture

That's why **WE** have created the Power Platform for your people,
your business and your purpose

POWER **PLATFORM** is your Platform

Why?

It acts as a hub of interaction and exchange to enable curiosity and connection, and develop the potential in your people and your business.

It creates value by enabling exchanges that would not otherwise occur without Power as a force for good.

#WEARE**POWER**

What are the building blocks of the PoWER Vision ?

01 The PoWEr Platform is the digital environment, the hub of interaction and exchange. Here, future leaders, graduates, new market entrants, upskillers, career changers, aspiring NEDs and entrepreneurs connect, learn, be mentored, provide mentoring, showcase and grow their businesses.

02 Northern PoWEr Women (NPW) Awards is the largest celebration of gender equality in Europe. An outstanding recognition of business success, rising superstars, social impact leaders and change makers - the Awards have become a highlight in the business calendar for thousands of organisations across the North.

03 PoWEr UP sessions. The 'speed-date' talent event colliding ambitious young talent with a quality network of business leaders and entrepreneurs.

04 The PoWEr Collective Mentor Network where structured mentoring sessions can be created autonomously or can be match-made by our team, enabling priceless insight and skills from senior executives, technical specialists and entrepreneurs.
